

CPR

"Your Complete Maintenance Solution"

Mobile Plant
Capability Statement

About Us

CPR Plant Repairs and Maintenance leads a team of highly experienced Heavy Plant Mechanical and Electrical Field Service Technicians and labour support personnel.

Our broad range of experience means we provide quality solutions to industries including:

- Open Cut Mining
- Underground Mining
- Civil and Construction
- Agriculture
- Rail
- Heavy Vehicle & Road Transport
- Light Vehicles

With our fully equipped Workshop based in Rutherford, NSW we are well positioned to meet the needs of our Hunter Valley based clients.

What sets us apart

The quality of service we provide to all our customers is what sets us apart from the pack. Our teams' broad range of expertise is brought together by strong leadership to provide quality solutions to any situation. Our dynamic structure means we can react to client needs and get you back up and running sooner.

Safety

CPR maintains a comprehensive safety management system to ensure the highest level of safety for all our personnel. All staff are fully trained in safety systems and safe work practices and strive to maintain a zero-harm workplace.

We Operate 24 Hours 7 Days A Week
